Good morning,

As is being reported in the media, there is a change in the leadership of our police department and we wanted employees to know. Below is the statement we have provided to the media:

Twin Rivers Police Department (TRPD) Chief Christopher Breck was placed on paid administrative leave until further notice. In accordance with personnel privacy requirements, this is the only information that can be provided at this time.

25 Year law enforcement veteran TRPD Captain Trang To will lead the department in his absence. TRPD officers are professionals who will continue their work to ensure the safety of our students, staff, and schools.

Thanks in advance for your continued support of TRPD and the crucial role they play in our District.
