If enrollment is below 100%, please indicate the reasons for under-enrollment for each classroom by completing the following page.

Reminders:

Other/explanations:

What center(s)/class(es) are under-enrolled and why? (Include capped classes due to majority 3-year olds, lost waivers, facilities delays, other)

% Actual to Funded = Total # of children enrolled during month divided by Funded Enrollment.
If ADA falls below 85% program-wide – please explain. In doing so, review and analyze the program’s attendance data. When responding to why consider the following guiding questions:

Re: Corrective Action of Agreement #19C21751SO

Dear Dr. Thompson:

Twin Rivers Unified School District (TRUSD) was also under-enrolled for the months of August and September 2018. Due to full enrollment in October, TRUSD was released from corrective action and payments for services were released. This letter will reinstate corrective action due to not maintaining full enrollment for November 2018.

SETA is required by paragraph 21 of the Standard Conditions to Agreement to provide written notification of corrective action and set forth specific directions for corrective action. Therefore, Twin Rivers Unified School District is hereby directed to take the following corrective action no later than Monday, January 21, 2019:

“Preparing People for Success: in School, in Work, in Life”
Corrective Action Letter
Twin Rivers Unified School District
November Enrollment

1. Assess and determine the cause of the above noted deficiency.

2. Develop and submit to SETA for approval a corrective action plan to meet and maintain "full enrollment" based on the cause of the deficiency.

3. Implement the approved corrective action plan.

4. Demonstrate that "full enrollment" has been achieved and maintained.

During this period of corrective action, effective immediately, SETA will suspend payment under Agreement #19C2175180. If the corrective action indicated above is not satisfied by Monday, January 21, 2019 then on Tuesday, January 22, 2019 SETA staff may initiate the process to deobligate Head Start funding. SETA will not make payments for services subsequent to January 21, 2019 until resolution has occurred.

Consistent with paragraph 21 referenced above, you may request a meeting with me or my designee for the purpose of discussing this order of corrective action.

Should you have any questions, please contact me at (916) 263-3810 or Lisa Carr, Manager, at (916) 263-8123.

Sincerely,

Kathy Kossick
Executive Director

### PROGRAM INSTRUCTION

**TO:** Head Start and Early Head Start Grantees and Delegate Agencies  

**SUBJECT:** FY 2019 Head Start Funding Increase  

**INSTRUCTION:**

President Trump signed Public Law 115-245, the Department of Defense and Labor, Health and Human Services, and Education Appropriations Act, 2019, and Continuing Appropriations Act, 2019, on September 28, 2018. Included is $10,063,095,000 for programs under the Head Start Act, an increase of $200 million over the fiscal year (FY) 2018 funding level.

This increase provides a 1.77 percent cost of living adjustment (COLA) for existing grantees. It also offers an increase to the total amount available for the Early Head Start-Child Care (EHS-CC) Partnership and Early Head Start Expansion grants scheduled to be awarded in March 2019.

This Program Instruction (PI) provides information about the COLA funds available to grantees in FY 2019 and describes the requirements for applying for these funds. All Head Start and Early Head Start grantees, EHS-CC Partnership and Early Head Start Expansion grantees, and grantees subject to competition for continued funding through the Designation Renewal System are eligible to receive the COLA.

State Collaboration grants are not eligible for the COLA due to the statutory cap on their funding in the Head Start Act.

**FY 2019 COLA**

Eligible grantees may apply for a COLA increase of 1.77 percent of their FY 2018 base funding level. Base funding excludes training and technical assistance funds and any one-time funding grantees may have received in FY 2018. COLA funds are to be used to increase staff salaries and fringe benefits, and to pay for higher operating costs.

Programs that use COLA funds to increase staff salaries must increase the hourly rate of pay and permanently increase the Head Start pay scale rather than only increase the salaries of current employees.

Sections 653 and 640(j) of the Head Start Act provide further guidance on the uses and limitations of the COLA funds. Section 653 of the Act restricts compensation to a Head Start employee that is higher than the average rate of compensation paid for substantially comparable services in the area where the program is operating. Section 653 also prohibits any Head Start employee from being compensated at a rate higher than that of an Executive.
Schedule Level II position, including employees being paid through indirect costs. Section 640(j) of the Act requires that the compensation of Head Start employees must be improved regardless of whether the agency has the ability to improve the compensation of staff employed by the agency that do not provide Head Start services.

Any grantee proposing differential COLA increases to staff, delegates, or partners must justify its rationale in its budget narrative.

As specified in Personnel Policies, 45 CFR § 1302.90, each grantee is required to establish written personnel policies and procedures that are approved by the governing body and Policy Council or policy committee and that are available to all staff. Review your personnel policies and procedures since they may contain information relevant to this COLA.

Funds may also be used to offset increased operating costs in other areas of the budget. This includes increased costs in rent, utilities, facilities maintenance and insurance, contractual arrangements, vehicle fuel and maintenance, supplies, and equipment.

Application Requirements

Grantees are required to request COLA funds through a grant application. Your Regional Office will provide a Funding Guidance Letter specifying the amount of funds available to your agency. Grantees whose annual applications have been submitted may request their applications be returned to add the COLA.

Grantees must submit their application in the Head Start Enterprise System (HSES).

Grantees encountering program improvement needs related to health and safety should contact their Regional Office and submit supplemental applications throughout the year as needs emerge. Requests are addressed by priority and subject to availability of funds.

Please direct any questions regarding this PI to your Regional Office. Thank you for your work on behalf of children and families.

Overview of Findings

On 10/15/18, the Administration for Children and Families (ACF) conducted a monitoring review of the Sacramento Employment and Training Agency Head Start and Early Head Start programs to determine whether the previously identified findings had been corrected. We wish to thank the governing body, Policy Council, staff, and parents of your program for their cooperation and assistance during the review. This Head Start Review Report has been issued to Mr. Patrick Kennedy, Board Chairperson, as legal notice to your agency of the results of the program review.

Based on the information gathered during our review, we have closed the previously identified findings. Accordingly, no corrective action is required at this time. If you have questions about this report, please contact your ACF Regional Office.

Distribution of the Head Start Review Report
Copies of this report will be distributed to the following recipients:
Ms. Jan Len, Regional Program Manager
Mr. Reginald Castex, Policy Council Chairperson
Ms. Kathy Kossick, CEO/Executive Director
Ms. Denise T. Lee, Head Start Director

Focus Area Two – 2/5/2018 – Noncompliance
The program did not establish an effective system to analyze and respond to low monthly attendance at the grantee level. Ten percent of classrooms observed during the monitoring review had monthly attendance rates below the 85 percent requirement since August 2017. The program has demonstrated efforts of tracking, monitoring, and following up on individual absences; however, they are just in the beginning phases of implementing a program-wide initiative to address its chronic attendance issue.

Desk/FTL Solo (10/15/2018) - Corrected
The program established an effective system to analyze and respond to low monthly attendance at the grantee level. The grantee implemented a program-wide initiative to address its attendance issues.

A review of the grantee’s Program Improvement Plan (PIP) found it developed and implemented a multi-pronged approach to correction. The PIP showed the program’s strategies for correction in the areas of Program Governance and Program Data Collection System; Strengthening Human Resources, Training, and Professional Development and Communication Systems; and Policies and Procedures on Attendance, including Tracking, Reporting, and On-going Monitoring. In an interview, the Head Start Director confirmed the implementation of the PIP and the strategies outlined within the plan. She also verified action steps within the PIP were completed.

A review of the Program Governance strategy, supporting agendas, and sign-in sheets showed monthly meetings and trainings with the Board of Directors and the Policy Council from March 2018 through September 2018. The grantee’s Attendance Task Force—County-wide Eligibility, Recruitment, Selection, Enrollment, Attendance (ERSEA) Content Meetings were held monthly to discuss strategies to increase attendance and review attendance reports including county-wide roll-up percentages for attendance, attendance data analysis, and progress on action plans.

The Program Data Collection System strategy and supporting documentation including samples of Delegate Support Plans and resources to support attendance showed the implementation of a system to analyze and address incidences of low attendance at the grantee-operated and delegate-operated levels.

A review of documents also found the Strengthening Human Resources, Training, and Professional Development and Communication Systems strategy showed county-wide ERSEA Content meetings. The implementation of this strategy demonstrated the ability of the grantee to monitor, analyze, and respond to attendance trends throughout the service area.

A review of the revised policies and procedures found tracking, monitoring, and developing actions plans for attendance included the child, family, classroom level, as well as the aggregated county-wide level.
program also used Attendance Works resources and developed classroom resources for teachers and parents to understand the importance of attendance. A review of the September 2018 Back to School Information found each classroom teacher implemented sign-in procedures to help the program and parents track average daily attendance with a goal of 100 percent. Teachers chose strategies from the Attendance Tool Kit that included using sticker charts to record attendance, small prizes for 100 percent attendance, and used attendance data to understand underlying problems such as the necessity for deep cleaning during cold and flu season. Also, Family Service Workers were required to make daily attendance calls to families when children did not arrive at school and integrated attendance discussions into monthly parent meetings.

The On-Going Monitoring strategy showed the program’s internal monitoring processes at the aggregate grantee-level. The grantee identified reasons for absences or trends for low attendance and reporting was revised to show all absences and a collection of county-wide data.

In an interview, the Head Start Director confirmed the revisions to the policies and procedures and the continuation of task force meetings with monitoring reports being shared and discussed. She stated the reports from the start of the new school year, September and half of October 2018, showed growth in average daily attendance, particularly in its full-day, full-year program.

The grantee established an effective system to analyze and respond to low monthly attendance at the grantee level. This area of noncompliance is corrected.
