And he explained what it was and showed a power point on Stakeholder Opportunities, where they get input throughout the year. From DELAC, community forums, school sites and principles as well as district staff. A parent asked when and where the Parent Advisory Committee is meeting. Another parent answered her that it would be on the 14th of May here at the district office in the board room. The same parent asked who in charge of the LCAP information? Mr. Withers said he was, and he had his secretary taking notes throughout his presentation. E. Review Reclassification Data and Criteria for 2019-20

Dr. Jisel Villegas did her presentation on reclassification and the changes again in criteria for 2019-20. Dr. Villegas asked who knew exactly what reclassification was. A parent answered correctly. In addition, the exiting criteria, scores, input from teachers and parent input also. That they should be consulted and given the opportunity to agree or disagree with the recommendation. There were concerns by parents: who does the paperwork? Who does the monitoring? That not all sites are complying with this, who was accountable at the sites for this as well as the district? Jisel also mentioned the Seal of Biliteracy ceremony that was in May 21, 2019 board meeting here at the district office. There were a total of 147 students receiving this award. There was one concern from the parent that for the DLI program the parents wanted 3 things: Madison wants the DLI plan translated into Spanish, Want to know when Spanish assessments will be ready? And last plans for steering committee at all three DLI sites?
