

**TWIN RIVERS USD
REQUEST FOR PROPOSALS FOR FACILITIES PROJECTS DOCUMENT
SCANNING AND DIGITAL PLAN ROOM SERVICES
RFP 22-021**

ADDENDUM NO. 1 – DATED APRIL 14, 2022

I. CORRECTION OF PROPOSAL DUE DATE

Proposals are due April 25, 2022 at 3:00 p.m. The date is shown incorrectly in Sec. I, page 2, of the RFP as August 26, 2021; and in Sec. V, p. 6, as April 21, 2022.

As shown on the title page, **April 25, 2022** is the correct proposal due date.

II. QUESTION ON LOCATION OF VENDOR

A question was received regarding the required proximity of the vendor to the District's location. The District prefers to engage a vendor in the Sacramento County area, as there is a large volume of paper documents onsite that currently require scanning. Also, it is desirable that the vendor have a local outreach to construction contractors and subcontractors, who will need timely access to plans and blueprints that will be made available through the digital plan room. Under CA Public Contract Code, documents such as Project Addenda must be posted and made available within a specified time frame, publicly, to ensure that all project bidders receive the same information before submitting a bid.
